Web Development Stack

React.js, JavaScript (ES6+), Node.js, Express.js, Tailwind CSS, HTML5, CSS3, REST APIs, MongoDB, Git & GitHub, Vercel, Vite.

Video Editing & Media

Video Cutting & Trimming, Motion Graphics, Audio Synchronization, Color Grading, Storyboarding, Social Media Clips & Promo Videos.

FEATURED PROJECTS

1. Cartify - Premium E-Commerce Shopping Platform

2026

Built a full-stack e-commerce platform with product category management, interactive shopping cart, dark mode toggle, and instant dispatch tracking.

2. UrbanThread - Luxe Sneakers & Streetwear Drops

2026

Developed a high-end streetwear e-commerce platform featuring sneaker drops, flash deal banners, promo code engine, wishlist, and admin analytics dashboard.

3. PixelForge - Developer Portfolio & Digital Showcase

2026

Created an interactive developer portfolio featuring an HTML5 canvas particle background, theme switching context, video demo popups, custom cursor, and printable resume viewer.

4. Aetheria - Immersive WebGL 3D Matrix Experience

2026

Architected a 3D WebGL digital experience with 60 FPS matrix torus particles, audio sound FX, zero-trust API security, and ultra-fast sub-second loading speeds.

EDUCATION

B.Tech in Computer Science & Engineering

Focused on Web Application Development, Database Management Systems, Software Architecture, and Visual Digital Media.
